Experience

Nable	**Jan 2025 – Jul 2025**
Frontend Developer	*Bilaspur, Chhattisgarh*

- Built high-performance full-stack applications with ReactJS (frontend) and Node.js (backend).
- Integrated REST APIs, optimized rendering performance, and improved scalability.
- Collaborated with cross-functional teams in Agile sprints, delivering features ahead of deadlines.

Siddhi Softwares	**Oct 2024 – Dec 2024**
Frontend Developer Intern	*Bilaspur, Chhattisgarh*

- Created responsive web applications with ReactJS, JavaScript, and Tailwind CSS.
- Enhanced user experience by reducing load time by 20% using code-splitting and optimization.

Disyms	**Feb 2024 – May 2024**
Frontend Developer Intern	*Bilaspur, Chhattisgarh*

- Developed frontends using ReactJS, collaborated on Node.js backend APIs.
- Worked on dynamic dashboards and real-time features, improving client engagement.

Projects

Outbox	ReactJS, Node.js, Tailwind CSS

- Built a clean and responsive user interface for an online education platform using ReactJS and Tailwind CSS.
- Integrated REST APIs, handled data fetching, and mapped dynamic data into reusable UI components.
- Implemented multiple filters for course search and improved user experience across devices.

Mr. Groomer	ReactJS, Node.js, Tailwind CSS

- Developed modern UI screens for a Dubai-based pet grooming booking app with a focus on responsiveness and pixel-perfect design.
- Performed API integration, data fetching, state handling, and mapping of backend responses into dynamic components.
- Added filter options for services, pets, and bookings, improving navigation and user workflow.

Certifications

- Frontend Developer – Nable

- Full-Stack Web Development – CodeHelp

- ReactJS Advanced Concepts – Coursera

- Flutter Firebase Development – Udemy

- Git and GitHub Essentials – Coursera
